## **DETAILED ACTION**

### ***Terminal Disclaimer***

2. The terminal disclaimer filed on 9/27/2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on Application Number 10/754,093 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### ***Allowable Subject Matter***

3. Claims 1-15 and 21-25 are allowed.

4. The following is an examiner's statement of reasons for allowance: Applicant has amended independent claims 1, 9, and 21 to include the limitation that the lens system projects a planarly focused image onto a substantially planar surface. As discussed on pages 7 and 8 (as numbered by applicant) of applicant's argument's received on 9/27/2006 the prior art does not teach such a lens system in combination with all of the other limitations of independent claims 1, 9, and 21. Accordingly claims 1, 9, and 21 are allowable. Claims 2-8, 10-15, and 22-25 are dependent on claims 1, 9, and 21 and are therefore allowable for at least that reason. The timely filed terminal disclaimer has overcome the double patenting rejection. All claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
